WHEREAS, globally, at least 5.8 Million cases of COVID-19 have been reported to the World Health Organization and have remained to be a pandemic that may last for an uncertain period of time until a cure has been discovered;

WHEREAS, evidence suggests that the virus has remained virulent and contagious to the public, especially in the absence of measures and interventions to counter the spread of the disease;

WHEREAS, it is vital to strike a balance between protecting the health of the people and keeping the economy or businesses functioning which may require multi level approach to mitigate the spread of the disease;

WHEREAS, the City Government of Marikina has deemed it necessary to strengthen the compliance to health and safety protocols, as part of the “new normal”, in order to protect the public and equally allowing socio-economic activities in the City, thus, developing resilience to the community;
